

## ALSAGER TOGETHER

“People, Partnerships and Projects”

This was the theme of Alsager Town Council’s display for the Alsager Together annual event held on 6 June 2009 organised to showcase the activities of voluntary and community groups active in Alsager.

Town Councillors and staff were on hand to deal with residents’ queries and to give out general information about the services provided by **Cheshire East Council**. This year a new brochure had been produced which contained details of the work of the Town Council and these were given out to residents along with Grant Application Forms. Queries ranged from the Cheshire East car parking strategy to disabled parking at the Leisure Centre.

The display board showed photographs from a range of events during the past twelve months in which the Town Council have been involved . These ranged from the Christmas Lights switch on, Alsager School’s Democracy day, Hockey Presentation awards to Triton juniors, to the swearing in of the new Town Council Chairman in May.

Chairman Cllr Simon Roberson opened the event and Cllr Colin Burgess drew the raffle and closed the event.

The local public transport information was also provided by Peter Smith, who acts as the **Town Council’s Transport contact**.
